TO BE COMPLETED BY FUNERAL DIRECTOR

TO BE COMPLETED BY PHYSICIAN: MEDICAL CERTIFICATION

DIVISION OF VITAL RECORDS, P.O. BOX 68760, BALTIMORE, MARYLAND 21215-0020

TO THE HOSPITAL OR ATTENDING PHYSICIAN: The law requires that the death certificate be executed within 24 hours after death. Page 6 may be retained by the hospital or attending physician.

TO THE FUNERAL DIRECTOR: After this certificate has been signed by the attending physician and completely filled in by the funeral director, page 5 should be detached for use as the burial-transit permit. Page 6 should be filed within 72 hours after death with the State Dept. of Health and Mental Hygiene prior to burial, cremation, or removal.

IMPORTANT: If item 28 is marked, or item 23 shows any injury, or other traumatic event, the medical examiner must be notified at once.

The first of these is the fact that the
 government has been unable to raise the
 necessary funds to meet its obligations.
 This is due to a number of factors, including
 the fact that the government has been unable to
 collect the necessary taxes, and the fact that
 the government has been unable to borrow the
 necessary funds from the international market.
 The second factor is the fact that the
 government has been unable to control the
 inflation rate, which has led to a sharp
 decline in the value of the national currency.
 This has led to a sharp increase in the
 cost of imports, and a sharp decline in the
 value of exports, which has led to a sharp
 decline in the government's revenue.
 The third factor is the fact that the
 government has been unable to control the
 balance of payments, which has led to a
 sharp decline in the government's foreign
 reserves, and a sharp increase in the
 government's foreign debt.

The fourth factor is the fact that the
 government has been unable to control the
 money supply, which has led to a sharp
 increase in the money supply, and a sharp
 decline in the value of the national currency.
 This has led to a sharp increase in the
 cost of imports, and a sharp decline in the
 value of exports, which has led to a sharp
 decline in the government's revenue.
 The fifth factor is the fact that the
 government has been unable to control the
 interest rate, which has led to a sharp
 increase in the interest rate, and a sharp
 decline in the value of the national currency.
 This has led to a sharp increase in the
 cost of imports, and a sharp decline in the
 value of exports, which has led to a sharp
 decline in the government's revenue.

The sixth factor is the fact that the
 government has been unable to control the
 exchange rate, which has led to a sharp
 increase in the exchange rate, and a sharp
 decline in the value of the national currency.
 This has led to a sharp increase in the
 cost of imports, and a sharp decline in the
 value of exports, which has led to a sharp
 decline in the government's revenue.
 The seventh factor is the fact that the
 government has been unable to control the
 fiscal policy, which has led to a sharp
 increase in the fiscal deficit, and a sharp
 decline in the value of the national currency.
 This has led to a sharp increase in the
 cost of imports, and a sharp decline in the
 value of exports, which has led to a sharp
 decline in the government's revenue.

The eighth factor is the fact that the
 government has been unable to control the
 monetary policy, which has led to a sharp
 increase in the monetary growth rate, and a
 sharp decline in the value of the national
 currency. This has led to a sharp increase
 in the cost of imports, and a sharp decline
 in the value of exports, which has led to a
 sharp decline in the government's revenue.
 The ninth factor is the fact that the
 government has been unable to control the
 trade policy, which has led to a sharp
 increase in the trade deficit, and a sharp
 decline in the value of the national currency.
 This has led to a sharp increase in the
 cost of imports, and a sharp decline in the
 value of exports, which has led to a sharp
 decline in the government's revenue.
